## OUR SERVICES

Security has become of utmost importance to businesses and individuals with the ever-increasing threats from sophisticated criminal elements. By enlisting our professional Close Protection, Door Supervision and other specialist security services, you can minimize these risks and look forward to a safer and profitable future.

We can provide you with a high or low profile security, which can be made operational at short notice anywhere in Nigeria; we also operate abroad! (Manchester and Dublin) All our personnel are trained to the highest standards in security techniques and close protection skills, we can provide male or/and female security guards, those whom have received proper security training.

This has enabled us to expand our operations and gain a very good reputation within the industry. Our objective is to support the client in providing the best and most cost effective security strategy.

We “tailor make” our services to suit the individual’s requirements and in so doing offer better security services. We are actively involved in the security industry providing a professional Close Protection, Door Supervision, gate monitoring/access, internal patrol guards, and specialist security service like the CCTV installation and monitoring, Club Bouncers, e.t.c. Our highly trained team can provide a fully comprehensive package to suit your needs and the high standards that clients demand.

In all operations, we offer the clients a professional and confidential service; and also works with the organization rules of engagement.

We deploy security gadgets without extra costs where necessary. E.g. Metal detectors and car scanner. We also make use of patrol dogs. Our security patrol team provides support for the guards on site 24/7.

Whatever the security situation on sites, we take charge!
